
Saksoft signals aggressive expansion

NT Bureau

Chennai, June 2:

Saksoft, a business intelligence and financial services company says it has recorded 54 percent increase in its total revenue this year. Revenues increased to Rs 3304.93 lakhs from Rs 2146.61 lakhs in 2004.

The company believes the banking, financial services and insurance (BFSI) segment in which it operates will be the number one segment in the information technology industry.

Its media brief says, business intelligence and third party testing services have grown significantly in the past three years where Saksoft has established for four years. It says therefore Saksoft is set for good growth this year. It said, Saksoft plans aggressive expansion of its marketing network and its new development centre at Noida is fully operational, which will aid the expansion.
